If you are having problems with your studies I can help you as a senpai, Sayuri.
Yeah.
Senpai is staying at my house so we can study together for the finals.

When I study alone I tend to get distracted by various temptations.
So you can alarm me when I'm not concentrating on studying.

That is not true.
It's a shame that I'm going to be helped and cannot help you with anything.

Please wake up Senpai! We were just about to begin!
Zzz

Thank you, Sayuri.
Sen -pai ...

I don't know if this is of any use but I brought my old notes.
Thanks!
『I wonder was she happy?』
These are so easy to read.
Hehe, thanks.
Social Studies
These small pict-ures in the corners... Is this a flip book?
Oh no, how embarr-asing!
So Senpai draws this kind of stuff... Funny.
Don't look!
That was a nice break from studying.
Cut it out, Sayuri!
Wait until I draw the next part.
Let's continue our studies.

It's all right, you don't have to.
It's me who's staying at your place, so I should make the food. I have the ingredients too.
Have you had dinner yet, Sayuri?
Not yet.
「And that was the whole dish.」
You can focus on studying, Sayuri.
Let me help at least.
You have a point. It's more fun to cook together.
Isn't it?
So what are we going to make? The ingredients ...
Something special for the study session.
Fish eyeballs that make you smarter.
Quiver
That's gross...

You don't seem to use automatic pencils at all.
I have tried them but I think I prefer wooden ones.
That's kinda cool. I have always used automatic pencils.
『For a highschooler that's a bit…』
I'll lend you one. You should use them too.
They are better for marking sheets.
Oh thanks! You're right, wooden pencils are better for tests.
Plus because it's Senpai's pencil, it's like I'm with her. It makes me feel stronger. I should do better at tests too.
clench
And if there is a really difficult question, just throw that pencil like a die. It shows the correct answer with a 100% accuracy.
That's not romantic at all...

Sorry for going to the toilet all the time.
It's the caffeine you know...
Me as well.
Don't worry about it.
The warmth was still there...
Well now it is me who has to go...
Swish
Okay
Wait a minute... Senpai just used this.
That means ... is this ... in-direct toilet ...?
What kind of a pervert thinks like that ?!
SFX: Blush
Hey, Sayuri ...
Uh, r-right!
STARTLE
This is a bit difficult to say but...
Did she hear what I just said...?
Badum
W-What is it?
Badum
I need to go to the toilet...
She really needs to go often...

Hey, Sayuri ...
Did you know that you can study by listening while you're asleep?

『Sleeping's going to be difficult...』

Actually, I bought some sleep learning CDs just for today.
A nice idea, wasn't it?

Hmm, ah! I think I have heard about it - sleep learning I think?
Yep, that's it.

On what subjects exactly?
I'm not good at listening to English ...
Hmm, they are...

These three: soothing concentration therapy from space, confidence enhancement, open your right-brain fully...
They are all just self-development stuff...

Zzz
Zzz
Senpai fell asleep.
It's late already. Better not wake her up.
Fwish
「You're going to hurt your neck.」
...keep studying...
But I should probably still...
SFX: Mnnn Stretch
Sayuri ... mumble mumble
Sleep talking?
Wake up... We still have to study...
Zzz
Zzz
You're the one who's sleeping...
